WEALTH MANAGEMENT

Taaleri's Wealth Management segment offers wealth management services and investment solutions to private individuals and companies. In addition to services and allocation solutions based on the individual needs of our customers, our offering includes all traditional asset classes on the stock and money markets. We also offer various opportunities for co-investment and private equity investments.

ASSETS UNDER MANAGEMENT

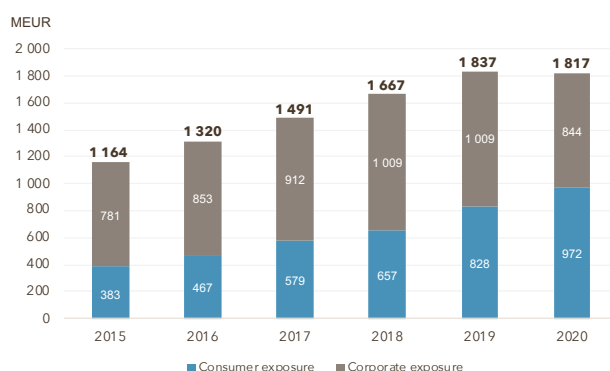

KEY FIGURES

2020

Income 46.7 MEUR
Operating profit 12.1 MEUR
Customers 6,000
AuM 7.1 BEUR

INSURANCE

The Insurance segment includes Garantia Insurance Company Ltd. an insurance company specializing in guaranty insurance. The objective of Garantia is to modernize collateral practices and provide customers with easy and cost-effective guaranty solutions and new business opportunities through digital channels. The company's business is divided into guaranty insurance and investment operations.

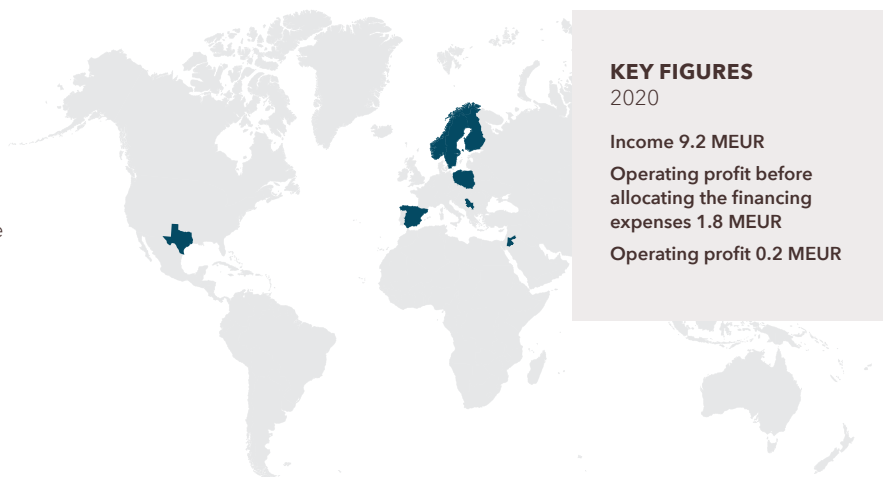

KEY FIGURES

2020

Income 17.2 MEUR
Operating profit 9.9 MEUR
Combined ratio 37%
Return on Investments 1.8%
Solvency 229.4%

TAALERI ENERGIA

The Energy segment includes Taaleri Energia, which is a renewable energy project developer and fund manager. It has a significant team in European scale focusing on wind and solar energy, with solid engineering expertise, among other things. The company is currently raising funds in its fifth renewable energy fund. Taaleri Energia is one of the largest private equity investors in the Finnish wind power market: Taaleri Energia manages a 2.8-gigawatt wind and photovoltaic portfolio, development projects included. The funds managed by Energy are Wind Fund II-III, SolarWind I and SolarWind II. In addition, Taaleri Energia manages the investment in Nyby and Myllykangas wind farms on a mandate basis.

KEY FIGURES

2020

Income 9.2 MEUR
Operating profit before allocating the financing expenses 1.8 MEUR
Operating profit 0.2 MEUR

OTHER OPERATIONS

Other operations include the Group administration services of Taaleri Plc that support the segments and the investments on the Group's own balance sheet, which are done primarily through Taaleri Sijoitus Oy. In 2020, investments were divided into strategic and non-strategic investments. On 31 December 2020, Taaleri had a total of EUR 45.2 million in investments, of which EUR 15.3 million were strategic and EUR 29.9 million non-strategic.

Strategic investments include investments that support Taaleri's core business and development of business segments. Such investments include for example seed investments in new funds. Existing strategic investments include investments in Fintoil Oy, which produces tall oil in the near future, the real estate development company Sepos Oy, the real estate company Munkkiniemi Group Oy and Turun Toriparkki Oy.

Non-strategic investments include shares in Fellow Finance Oy, Inderes Oy, Mobify Invoices Oy, Ficolo Oy, Rauma Marine Constructions and Oima Oy, among others. In addition, non-strategic investments include a loan granted to the Barrie real estate project in Canada.

CORPORATE RESPONSIBILITY

Corporate responsibility is a key part of Taaleri's strategy. Our goal is to promote sustainability by implementing financially profitable projects together with our customers and partners. We offer our employees a growth platform to develop and an opportunity to be profiled as an influencer in society. We integrate responsibility and risk management with business in an expedient manner.

We believe that acting responsibly is profitable and increases long-term shareholder value. Responsibility includes eg. financial responsibility to shareholders, responsibility to minimize and manage environmental impact, and responsibility for the well-being of employees and the wider community.
